Introducing today's Galloway Show Judge -

Emily Griffiths from Kendallville, IN is the co-owner/operator of 3G Ranch, a purebred seedstock operation consisting of 200 head of Limousin, Gelbvieh, & Angus cattle. The operation's primary income comes from the sale of purebred bulls and females to commercial cattlemen; however, they extensively use the show ring as a marketing tool. 3G Ranch has bred and exhibited National Champions in 5 breeds. 3G Ranch is also proud to be a long-standing bull development co-operator partner for Wulf Cattle of Morris, Minnesota who market over 100,000 head of fed cattle annually.

Carcass Champion

Les Boulter Commemorative Award - Ultrasound Carcass Contest

At this time we would like to take an opportunity to remember one of our fellow Galloway Breeder, Les Boulter. In 1979, he won the NWSS Carcass contest with Galloway Cattle. Back in those days, a group of cattle (6 or 8) were entered and evaluated. Animals arrived at the NWSS grounds and taken immediately to the Mondford Packing/JBS Swift for processing. The carcasses were then evaluated. It is important for all of us to remember that the Galloway Breed has won "On the Rail" and has excellent carcass traits to offer the commercial cattlemen today. Like many cattle shown during the NWSS, we did an ultrasound evaluation of many of the Galloway cattle present at this year's show. Through modern technology we are able to analyze an animals "carcass" for desirable traits including: ribeye size/area, a ratio of ribeye size and weight of the animal and marbling.
